THIEVES IN A STUDIO.

The White Lot Building Near Sher.

man Statue Entered. A burglary that is mystifying the police

adjoining the pedestal on which will be placed the Sherman statue. The studio

was erected for the use of the artist who

into the place is not known. No money is kept therein and there is nothing that

would ordinarily attract the attention of crook. While the manner of securing

the entrance gives evidence of being the

work of a professional crook, there are reasons to believe that there must have

been some motive other than that of or

been some motive other than that of ordinary robbery underlying the action.
Nothing, so far as can be ascertained,
was carried away except a small sofa
pillow. There were drawings and plans
about the place that were of great value
to their owners, but these do not appear
to have been disturbed.

When Mr. Suhr reached the building
yesterday morning he found that the
back door had been forced off its hinges
and that the place was in general disorder. He reported the matter to the police
and Detective Sergeants Browne and
Lacy were assigned to the case. They
found in the room what they thought was
a burglar's kit, consisting of a large

found in the room what they thought was a burglar's kit, consisting of a large chisel, a steel file that had been made into a jimmy, and an iron nail puller, such as is used for pullir nails from dry goods boxes. This puller appears to have been used to draw the screws that held
